2012 CONFERENCE EVALUATION SHEET

Comments:

“Excellent and thought provoking”

“Great day”

“Very beneficial day”

“I really enjoyed the speakers”

“Very informative day. Lots of practical knowledge”

“Very informative, particularly service user perspective”

“Refreshingly open dialogue / honesty between diff. parties”

“This conference gives us an understanding of ourselves and others
– More Please –“

“Enjoyed conference great to meet new people”

“Getting a chance to engage with professionals w real life experience
was a breath of fresh air”

“Excellent”

“well done”

“Very good I enjoyed it very well”

“Great day, enjoyed ++”

“An excellent conference which I thoroughly enjoyed”

“successful event”

“Made contacts met friends”

“v. enjoyable day – Ron Coleman is amazing!”

“Ron Coleman – Excellent”

“Ron Coleman was very inspirational. Minister Kathleen Lynch was very good.”

“Excellent conference. Lightning Presentations very good.”

“Great lightening presentation”

“Enjoyed most lightning presentations”

“very informative and enjoyable physical space”

“Very good, great to hear & see more service users actively taking part. I preferred more interactive presentations. I found some of the language used over the top and more aimed at a very academic audience”

“round arrangement of seating would have helped discussion in workshops, ie sit in a circle”

“The auditorium was not the best place for a workshop (too formal)”

“Very antipsychiatry – one sided - I felt”

“...maybe there could be a pack given out at the end with some of the support systems out there”

Suggestions for topics for future conferences:

“More lightening presentations”

“Carers / relatives – Terry Lynch?”

“Family work”

“Work for people with mental health issues”

“Would love to hear more about the mental health & addiction issue – Dual Diagnosis”

“Dual diagnosis & addiction info please”

“Arts + health approaches appear from research to have a lot to potentially contribute to process of recovery. May be worth debating in the future”

“Helping unmotivated service users”

“S/U stories from beginning of illness to recovery”

“public relations work to challenge paradigms + assumptions about mental illness”

“The support systems that are out there”

“Mental distress + its consequences: part of the human condition for all!”

“Intrapsychic w/i the mind”
